CLIFFHOUSE

## Venue Factsheet

## About

---

Ulu Cliffhouse opened its doors to international acclaim at the end of 2017, with Condé Nast Traveller calling it “ The Coolest Beach Club “ and one of the “ World’s Most Beautiful Restaurants.”

The 45,000 sq. ft beach club’s design embraces the raw and natural beauty of its breathtaking location on the cliffs of Uluwatu, set over the Indian Ocean with a huge infinity pool, access to the beach below and with it, one of Bali’s most sought after waves.

The cliff-top oasis commands jaw-dropping views and the club’s design draw on the iconic 1950’s Palm Springs aesthetic. The coastal inspired restaurant menu focuses on fresh and locally sourced food and the main bar serves some of the island’s best cocktails. (Voted Bali’s Best Bar this year at The Yak Awards).

Since opening, Ulu Cliffhouse has rapidly become known for throwing the best parties on the island with a number of the world’s greatest DJ’s played at the venue.
